1. Chapter 1

****No ones Pov****

It had been raining for the past month.

Lucy had gotten sick and tried of staying in the guild everyday. And she needed money to pay her rent for next month .

It didn't seem like anyone else was bothered because they were having their daily morning fight obviously started by Natsu and Gray.

Natsu and Gray were throwing insults at each other.

Lucy wasn't paying attention to their childish fight until a chair hit the back of her head . She fell on her face causing Levy and Wendy to scream while Juvia shouted "Love rival is gone now Juvia can have Gray all to herself.

Lucy got up like a demon and turned around with red eyes to see who threw the chair from the corner of her eye she saw PINK HAIR .She heard the Guild door open but she didn't care. Her head snapped in Natsu's direction . She opened her mouth and sheriked "NATSU YOU PYROMANIAC YOU WILL SUFFER PAIN BEYOND THIS WORLD"

"Luuuusssshy i. wasn't m...me It w...was ice princess"

Lucy started to stomp in Grays direction with a dark aura around her. Gray would have been shaking in his boots if he was wearing any clothes except his boxers. Erza had had enough she summoned a sword

and hit Lucy with the back.

When Lucy got up after being hit by Erza's sword.

She saw an old man in a robe with talking to Mirajane . She heard something about being friends with Master Makarov .

Lucy was so mad at Natsu and Gray they kept doing rude things to her yesterday they drank her smoothie so she put ice in Natsu's pants and fire in Grays.

She had to think of something or else she would really hurt those idiots.

She started to wonder who that man with the beard was and how he was connected to the Master Makarov.

She felt like she was going to find out what was going on soon.

2. Chapter 2

****No ones Pov ****

Master Makarov came back from the guild master's meeting he froze when he saw Dumbledore then he started to laugh like a maniac everyone looked at him with concern then with amusement . Albus got off the chair he was sitting on and said" Makarov I have missed you much old friend I need to talk to you alone" Master's face darkened as he shook his head in agreement as they walked to Masters office Lucy started to have a bad feeling. Suddenly her head started to spin she stood up to go to the infirmary but dizzy spots started to cloud her vision. The last thing she remembered was her team calling her name . She said something that could not be heard but her lips looked like they spelled HARRY.

Lucy woke up 1 hour later she found her whole team Natsu was holding her hand while she laid down, Erza was gripping the table so hard that it left a dent, Gray was looking out of the window looking angry because he could not help his nakama. When they saw she was awake they ran to her while asking her if she was alright she told them she was fine but that was a lie her head was hurting so much. She asked Wendy what was wrong with her but Wendy said she did not know.

Lucy tried to get out of bed but was stopped by her teammates hands saying she cannot get out of bed yet she just woke up . she assured them she was fine. She got up and got out of infirmary .She was greeted by millions of concern.

****Lucy's Pov****

I told everyone I was fine but they kept asking I needed sometime to think over what happened .I went and sat on a table with nobody on it but Natsu came and sat right in front of me I did not care as long as he was quiet . I needed to think about who Harry was but everytime I thought about him my head hurt.

I gripped my head in pain I wanted to scream but I did not want to worry my nakama so I held it in but tears started to form in my eyes unfourtunetly for me Natsu had dragon senses . He asked me what was wrong but I said"Nothing I am fine".

Master Makarov started shouting something but I was not listening until I heard my name. I asked Erza what was happening. Erza told me that Team Natsu , Laxus's team , Mirajane , Lisanna , Cana , Elfman and Wendy were going somewhere.

"It seems Professor Dumbledore is enlisting some of you into his school to protect it from a dark wizard called Voldemort the people that I called shall be leaving tomorrow to a different world called Earth I will be coming with you to make sure you brats do not break anything and I want you all packed by tomorrow and the reward is 1000000 jewels per person and Lucy I would like to see you in my office "explained Master
